

A row of Chevrolet cars, including a red one and several dark-colored ones, parked in a lot. The scene is illuminated by warm, golden light from a low sun, creating long shadows on the asphalt. The cars are viewed from a high angle, showing their front and side profiles.

# Fleet Solutions

No matter how large or small your business, Fleetcare can **tailor a solution** for you.

## Fleet Management

Fleet Management offers a comprehensive suite of services designed to reduce administration and maximise fleet efficiency.

Let us take care of your vehicle acquisition and replacement, insurance, registration, e-Tag & FBT management, servicing and everything in between.

### Benefits

- \* Fleet discounts on vehicle purchasing
- \* Customisable service offering
- \* Extensive finance and leasing options
- \* Real-time reporting
- \* Dedicated account manager

## Telematics

Fleetcare's Telematics product monitors your fleet vehicles 24/7 via a live tracking portal, allowing you to dispatch drivers quickly and gain valuable insights through a range of automated reporting options.

Reduce labour, fuel and maintenance costs while improving customer service, compliance and fleet security.

### Benefits

- \* Mitigate risk and improve compliance
- \* Optimise your fleet through integrated reporting
- \* Reduce fuel, maintenance and administration costs
- \* Monitor behaviour and improve driver safety

## Fleetshare

Fleetshare is a corporate car sharing and pool vehicle booking platform designed to optimise the management of pool vehicles.

With an intuitive design and booking via desktop or smartphone, Fleetshare offers users a simple interface to book, manage and analyse pool vehicles.

### Benefits

- \* Load balancing to optimise your fleet
- \* Integrated with fleetmanager software
- \* Automatic key box hardware available
- \* RFID car sharing kits for keyless entry

# Leasing Solutions

Flexible finance solutions to suit your needs.

## Operating Lease

An operating lease is an easy and cost effective way of financing your company's vehicles. It's a fully integrated, tax deductible leasing option that's like a long-term car rental.

Let Fleetcare carry your residual risk and improve your cash flow by combining vehicle running costs into one smooth, monthly payment.

## Novated Leasing

Attract, retain and reward staff with a vehicle salary packaging option that allows your employees to purchase their vehicle and pay for running costs from their pre-tax salary.

A Fleetcare Novated Lease is easy to implement and offers your business a number of tax benefits. Your employees will enjoy a discounted vehicle purchase price and their lease payment will include all ongoing costs such as registration, fuel, insurance and maintenance.

## Finance

Evaluating and facilitating the best vehicle finance solutions for your corporate needs, Fleetcare offer a number of finance products including operating lease, secured loan, hire purchase and finance lease.

Let us use our extensive fleet management experience to save you time and money when financing your fleet.
