

Electronic Tollway

Making it easier to get from A to B!

Speed up your journey and reduce administration with Australia-wide toll management.

Keep your drivers moving along with a single Australia-wide toll management solution. We integrate all toll transactions into one simple monthly invoice with itemised costs, resulting in more savings for you and your business.

Consolidate all your tollway suppliers

Cut costs with time saved in administration through simplified processes.

You get the added advantage of capturing all costs in one spot, giving you real-time operating costs of your fleet.

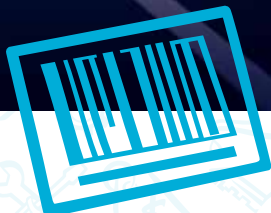

So... how does this all work?

It doesn't matter where you travel in Australia, we'll integrate all transactions into one simple monthly invoice with itemised costs for your convenience.

Simplifying the toll device management process results in more savings to you and your business.

- * All toll transactions are validated to mitigate fraud and eliminate risk to your business.
- * Transactions are integrated into one simple monthly invoice with itemised costs.
- * You pay us along with your other fleet expenditure.

Electronic Tollway peace of mind benefits

Increase your control

Data, reports, and an integrated system work to highlight exceptions so that you can identify the misuse of your business vehicles.

Increase fleet efficiencies

Trim operating costs by reviewing driver habits and distribution routes through online reporting. You can use toll data for trend analysis on fleet efficiencies.

Replacement toll devices

As your vehicles are replaced, we'll coordinate the collection and reissue of toll devices, allowing your fleet to continue to run smoothly.

24/7 driver support

Through one single phone number, your drivers can contact us 24/7 regarding flat toll device batteries, interstate roaming concerns, infringements and more.

Tagless tolling

Tagless tolling is available and can be arranged through your dedicated Fleetcare Account Manager, however most of our customers find it cost prohibitive.

Toll infringement management

If you have Registration Management with us, Fleetcare will check all toll infringements for correctness and bill in our one simple monthly invoice with itemised costs.
